# Project Submission

1. **The site address of your Odoo ERP** (e.g., http://35.236.107.98/ )

   Link of Odoo Machine: http://34.16.143.203/

2. **Username and password to access your Odoo site(**use throw-away username $ password)

   Username: xxxxxxxxxxxxx

   Password: xxxxxxxxxxxxxx

3. The **URLs of YouTube videos that you created for each task.** (Note: please make sure your videos are not set as private)

   • **Task 1**:
   Use SOM to record how to create a Request for Quotation (RFQ) and Purchase Order (PO) and how to perform Goods Receipts • Must show the inventory level before and after a purchase.

   https://youtu.be/6AQYwDg9XgI

   • **Task 2**: Use SOM to record how to create a Sales Quotation and Sales Order (SO) to process customers' orders • Must show the inventory level before and after a delivery order is done

   https://youtu.be/0BZZ8rPEsgw

   • **Task 3**: Use SOM to record how to use the Website app and how it is integrated with the Inventory • Must show that online sales also affect the inventory level Project Tasks (Continue)

   https://youtu.be/wEJMNQjEH3k

   • **Task 4**: Use SOM to record how to use Point of Sale (POS) app • Must show show how POS orders affect the inventory.

   https://youtu.be/W0wxMORKbX0

   • **Task 5**: Do this after using SAP and Odoo to handle purchase (procurement) and sales (fulfillment) processes. Use SOM to record what the similarities and differences are between Odoo and SAP • For example, you can compare two ERP systems regarding user interface, capability, business scope, etc. • Share your personal learning experiences.
